The Art of the Board

1. Balance your cheese selections. Surprise guests with unique, seasonal cheeses, such as our Limited Edition LaClare Peppermint Chevre, but also include one or two familiar cheeses for the less-courageous palette.

2. Add color and texture to your cheese board with pairings. Mix and match pickles, jams, spreads, honey, fruits, breads, crackers, nuts and more!

3. Take your cheese out of the fridge one hour before serving guests, as flavors will be best at room temperature. Use decorative signs or place cards to label each cheese so that guests know what they're digging into.
